

Workplace Safety Action Plan for Nova Scotia's Health and Community Services Sectors

Action Plan

- The Action Plan will provide overall direction for the H&CS sectors
- Particular focus on home care, long-term care, and disability support program sectors
- Collaboration among: Government departments (DHW, DCS, LAE), employers, professional associations, WCB, organized labour

Action Plan – Working Groups

- Working groups concluded in 2017, and identified five key themes that guide the report recommendations:
 - OHSMS
 - Leadership
 - Training & education
 - Communication
 - Human resources & infrastructure

Action Plan – Status

- Still finalizing the report, a results-based evaluation framework, and governance model, but work is underway. We're continuing to support:
 - PACE training
 - Social marketing in the sectors
 - AWARE-NS
 - RTW and injury prevention initiatives

Awareness video sneak peek

- Developed a video help broaden awareness of the sectors challenges, and focus on the importance of working safe for both worker and client
